To Meet in Louisville—Thomas Sheehan Tipped For Commander

The annual convention of the Kentucky Division of the Grand Army of the Republic, composed of Union Veterans of the Civil War, will meet in Louisville May 13th and 14th. Delegates from all of the Posts in Kentucky will attend the convention and more than 200 veterans will go to Louisville.

Arrangements for the convention are in the hands of a committee, of which Captain Mike Minton is Chairman. The committee is composed of representatives from the Louisville Posts of the G. A. R. While all of the arrangements have not been completed it has been definitely determined to hold the convention in Germania Hall, at First and Jefferson streets.

L. V. Dodge of Berea is the State Commander of the organization, and it is the plan of the Louisville veterans to elect Thomas Sheehan of George H. Thomas Post to succeed him. Captain Sheehan was Commander Dodge's closest competitor last year, and was only defeated by a narrow margin. The Louisville man is popular with the veterans all over Kentucky, and his Louisville friends declare that he will be elected Commander this year without opposition.

## In Selecting a SUIT OF CLOTHES For Self Or Son

Is it not the wise thing to look over the biggest selection you can find? There are few clothing houses that carry the vast assortment of fine clothing you find in our house; none that sell them on as reasonable terms. In Children's Suits for this spring we have eclipsed all previous efforts. See them in our windows. Our Young Men's Suits, notably the "College Brand," stand at the head of the list. They are no copies; they are "original." Our Shoe and Hat Departments are the features of Maysville's mercantile business. Very few houses in large cities carry the qualities and quantities we do in these two lines. Our \$12 Blue Serge Suits, of which we are selling scores, are the best values in the land. Let us show you them.

PERHAPS the most stupendous of all the problems which Mr. Edison will attempt to solve is the depletion of the coal territory. He regards this as one of the most serious conditions which we will have to face in the future. As shown by official statistics we use 500,000,000 tons of coal annually; at this rate, and increasing in the same proportion as it has during the greater part of a century, our coal supply will be exhausted within 100 years, and unless science finds a substitute for coal our descendants will be in a sorry plight for heat and light.

Lucerne (Mo.) Standard.

A young man was out driving the other evening with his best girl. The conversation turned to fortune telling; he asked her if she believed in palmistry. She looked up demurely and naively said:

"Well, I don't know, but I think I could foretell more pleasure if I saw the lines in one of your hands."

The young man was slow to comprehend her meaning, sat with bowed head and wrinkled brow until at least two miles had been traversed, when a great light broke upon him and an expansive smile illuminated his features.

He took the lines in one hand and grasped the situation.

**KITCHEN ECONOMY**

There is a triple economy in using Chenoweth's Baking Powder:

1. It costs less than other good powders.
2. It goes about twice as far.
3. It gives uniformly good results.

The amount of money lost in one "spoiled" baking, through the use of impure powder, would pay the entire cost of Chenoweth's Baking Powder for several months. This powder is always pure, fresh and of full strength, hence you can always depend upon its producing uniform results.

REPUBLICAN CAUCUS

Tonight and Friday Night to Consider Important Legislation

The Republican members of the House will hold two caucuses this week, the first on tonight and the second on Friday night.

At the meeting tonight they will decide whether there shall be any financial legislation by Congress during the present session, and at the second will consider the advisability of other important legislation, including the amendment of the Sherman Anti-Trust Law and the regulation of injunctions by Federal Courts.

It is also highly probable that the proposition looking to the placing of news print paper and wood pulp on the free-list of the tariff will receive serious consideration.

Dealer and Patient at Hallowell, Maine, Make Statements Under Oath

In connection with the intense interest manifested by the public at large in the theory of L. T. Cooper as to the human stomach being the source of nearly all ill health, the statements of Mr. W. D. Spaulding, of Hallowell, Me., one of the oldest and best-known druggists in that state, and of Mrs. Frederick Harvey, a well known nurse living in the same place, will be interesting to thousands of persons who are today suffering from ailments directly traceable to the stomach. The fact that these statements are made voluntarily, under oath, removes all element of doubt. The statements follow:

"HALLOWELL, MAINE, July 20, 1907.

"To the COOPER MEDICINE CO.,

"Dayton, Ohio.

"Gentlemen—The policy at Spaulding's drug store is to gain the perfect confidence of the public by never recommending any medicine or treatment until its virtues have been fully established. The Cooper Remedies were to us an unknown quality, we were very skeptical of their medicinal value, and it was not until several of our customers had received such beneficial results from their use that we could no longer doubt their value that we consented to take the agency for the Cooper Remedies in this territory, heartily endorsing the same.

"Herewith we give the testimonial of a lady whose case came under our personal observation from her being a regular customer, and who says:—

"Gentlemen of the Cooper Medicine Co., Dayton Ohio: It is with pleasure I recommend your New Discovery

medicine, of which I have taken the contents of three bottles, and can today eat anything without inconvenience to myself. For a number of years I had suffered intensely with severe headaches, sour stomach, indigestion, pains in my side, and complications which made it exceedingly hard for me to accomplish even my household work. Physicians had given me dozens of prescriptions, which failed to accomplish a cure or even relief. Your New Discovery medicine advertisement attracted my attention, and I purchased a bottle of the medicine, which I took according to directions and before it was half gone, I felt very much better; when I had taken the contents of two bottles I gained courage to eat many things which for years I had denied myself, and found they caused me no ill effects. Today, after having used three bottles of the New Discovery, I can eat anything and feel that I am a well woman once more, and therefore would advise anyone to take Cooper's New Discovery, for I feel sure it will cure them."—Mrs. Frederick Harvey, Hallowell, Me.

"We endorse the above testimonial, under oath, as being correct.

"W. D. SPAULDING.

"Testimony before me under oath this 22nd day of July, 1907.

"Geo. A. SAFFORD,

(SEAL) "Notary Public."

The Cooper remedies have proven eminently satisfactory wherever introduced. We will be pleased to explain their nature to anyone wishing to know about them. We are agents.

REGULAR NUISANCE

**C. and O. Cars Kept Standing on Track in Fifth Ward**

Perhaps those who are responsible for side-tracking C. and O. freight cars and permitting them to remain dead on the track for hours at points between Commerce and Carmel streets are not conscious of the fact that they are committing a nuisance, if not violating a City Ordinance.

It not alone prevents citizens from passing either North or South of the various street obstructed, but in case of fire in that part of the city South of Third street would bar the hose carriages of the City Fire Department reaching the threatened district.

THE LEDGER is of the opinion that it is an oversight on the part of railroad officials, and when the matter is given its due consideration they will remedy present conditions by commencing orders which permits freight trains to hang up to the discomfiture of citizens and peril of property in that section of the city.

There are other points that can be used that will not interfere and inconvenience people along the line, for instance all that stretch track beyond and East of Carmel street can be utilized and in no way discommodate any one.

It is hoped proper relief will be afforded those of our citizens who have justly made complaint.

WASHINGTON, May 4th.—Vice-President Fairbanks will officially represent the United States at Quebec, Canada, during the visit there of the Prince of Wales, July 22d to 29th, on the occasion of the celebration of the three hundredth anniversary of the arrival of the Champ'lain.

### JEFF DAVIS' SPEECH

In the United States Senate Was Rank And Worthy of Herr Most

In the Senate of the United States "May Day" "the Hon." Jefferson Davis, Senator from Arkansas, made a few "intangible remarks," some of the warmest extracts following:

During his speech he roundly denounced the Trusts, commended the President's recent message outlining measures for relief; spoke of the removal of the motto, "In God We Trust," from the coins, and declared that John D. Rockefeller, the Standard Oil Company and J. Pierpont Morgan should be indicted for treason.

### DENOUNCES THE PRESS.

He also denounced the press as "scavengers of plutocracy, miserable travesties upon noble manhood and post-graduates in all arts of slander or defamation."

His remarks in that connection were as follows:

"Let scavengers of plutocracy bowl; truth, God's living truth—where are its defenders? Miserable travesties upon noble manhood, post-graduates in all arts of slander or defamation, I challenge the subsidized press; the people know your designs and spurn your pretense, whether under show of argument or more servient hypocrisies.

### IMPS OF GREED

"Go, damnable imps of pelf and greed. I defy your taunts. Tear to fragments my political career if it comport with your execrable will. Stifle and distort my every utterance. Not satisfied, if such be your brutal frenzy, lash my poor form into ineffectuality.

"Then if it be your further pleasure gnaw from my stiffening bones every vestige of flesh. Howl in wretched bestiality through my own innocent blood as it drops from your fiendish viages.

"Drag then, if you want, what remains into the filth and the vermin of your foul dens and burn it upon the altar of Baal or scatter it before the friendly winds of heaven to your batters—the carrion crows of the field," etc.

## OHIO AROUSED

Prompt Action Taken to Protect Tobacco Growers—State Troops to Guard the Burley District

COLUMBUS, O., May 4th.—If troops are sent to the tobacco district Cleveland and Columbus probably will furnish the Cavalry. If Infantry is employed the Batavia Company of the First Regiment and the Manchester Company of the Seventh Regiment will be used. Assistant Adj. Gen. Kautzman says that the whole guard of the State will be called out if necessary to stop the raiding. He has been informed that at least some of the raiding has been done by men who belong on the Ohio side.

RIPLEY, O., May 4th.—Night riding in the Ohio-Burley District and destruction of tobacco beds is at an end. Adj. Gen. Critchfield of the State troops has ordered two Companies of Cavalry and one Company of Militia to report Tuesday for duty. Critchfield was in consultation with leaders of the Law and Order League and decided there was but one remedy—to call on the State militia.

GEORGETOWN, O., May 4th.—Adj. Gen. Critchfield, before leaving here for Columbus this morning, is understood to have given the impression that he would recommend to Gov. Harris that mounted patrols be placed along the Ohio river in the tobacco section to prevent depredations by "night riders." Gen. Critchfield did not state from what Regiment of the O. N. G. it was planned to detail the mounted men or the number. The force will be sufficient to thoroughly guard the river front until such time as it appears certain that it is safe to withdraw them.

The General is of the opinion that Infantry would be useless in large force. It is only necessary to watch the "riders" and give the alarm. If warning is given, the tobacco raisers will act as minute men and give

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Heads—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores, I can never recommend Cuticura sufficiently; it is indispensable in every home. I cannot find its equal. Mme. Napoleon Dupeppe, 41 Duluth St., Montreal, Que., May 21, 1907."

### WELL DESERVED

The Praise That Comes From Thankful-Mayville People.

One kidney remedy never fails. Mayville people rely upon it. That remedy is Doan's Kidney Pills. Mayville testimony proves it always reliable. Mrs. Della Moore, 328 East Front street, Mayville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case. The first symptom was a sharp pain through the kidney regions, accompanied by a bearing-down feeling through the hips and loins. Dull, miserable headaches soon began to bother me, and I would often become so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until my condition became such that I was often confined to my bed for a week at a time. No remedy I used helped me in the least, and I was in a truly critical condition. Dropsical symptoms appeared, and at times there was an almost complete retention of the kidney secretions. My feet and ankles became so swollen that at times I could not wear my shoes, and this swelling gradually spread to all parts of my body, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been cured of a similar trouble by the use of Doan's Kidney Pills. Deciding to try them, I procured a box at J. J. Wood & Son's Drugstore, and obtained so much relief from the contents of this box that I procured a further supply and through its use was entirely cured. I have no hesitancy in saying that Doan's Kidney Pills saved my life, and it would be impossible for me to give them more praise than they deserve."
